1. CORPORATE INFORMATION

Founded in 2007, Next Hydrogen Solutions Inc. ("Next Hydrogen" or the "Company") is a designer and manufacturer of electrolyzers that use water and electricity as inputs to generate clean hydrogen for use as an energy source. Next Hydrogen's unique cell design architecture supported by 40 patents enables high-current density operations and superior dynamic response to efficiently convert intermittent renewable electricity into green hydrogen on an infrastructure scale. Following successful pilots, Next Hydrogen is scaling up its technology to deliver commercial solutions to decarbonize transportation and industrial sectors.

The Company's registered head office is at 6610 Edwards Blvd, Mississauga, Ontario, L5T 2V6 and was incorporated on February 11, 2014 under the British Columbia Business Corporations Act. The Company changed its name from "BioHEP Technologies Ltd." to "Next Hydrogen Solutions Inc." on June 24, 2021.

The common shares of the Company trade on the TSX Venture Exchange under the symbol "NXH" and on the OTCQX under the symbol "NXHSF".

2. SIGNIFICANT ACCOUNTING POLICIES

Statement of Compliance

These condensed interim consolidated financial statements have been prepared in accordance with IAS 34, Interim Financial Reporting. These condensed interim consolidated financial statements do not conform in all respects to the IFRS requirements for annual consolidated financial statements and the notes presented in these condensed interim consolidated financial statements include only significant transactions and changes occurring for the six months since the year-end of December 31, 2022. Accordingly, they should be read in conjunction with the most recent annual consolidated financial statements of the Company, including the notes thereto, for the year ended December 31, 2022.

The accounting policies described in Note 2 of the 2022 annual consolidated financial statements have been applied consistently to all periods presented in these condensed interim consolidated financial statements, unless otherwise indicated.

These condensed interim consolidated financial statements were approved and authorized for issue by the Board of Directors of the Company on August 14, 2023.

Newly adopted accounting policy

Government grants

Next Hydrogen participates in various government grant programs. When an unconditional government grant is received, it is recognized as grant income in the consolidated statements of net loss and comprehensive loss. Other government grants related to assets are recognized at fair value if there is reasonable assurance of receiving the grant and meeting the associated conditions. These grants are initially deferred and then recognized in profit or loss over the useful life of the asset on a systematic basis.

Grants that reimburse Next Hydrogen for expenses incurred are recognized in the consolidated statements of net loss and comprehensive loss over time as the related expenses are recognized, unless the conditions for receiving the grant are fulfilled after the expenses have been recognized; in such cases, the grant is recognized when it becomes receivable.

Changes in Accounting Standards

IFRS 17 Insurance Contracts

On May 18, 2017, the IASB issued IFRS 17 Insurance Contracts. On June 25, 2020, the IASB issued amendments to IFRS 17 aimed at helping companies implement the Standard and to defer the effective date. IFRS 17 will replace IFRS 4 Insurance Contracts.

On December 9, 2021, the IASB issued a narrow-scope amendment to the transition requirements in IFRS 17, providing insurers with an option aimed at improving the usefulness of information to investors on initial application of IFRS 17 by presenting comparative information about financial assets, using a classification overlay approach on a basis that is more consistent with how IFRS 9 will be applied in future reporting periods. The new standard and its amendments are effective for annual periods beginning on or after January 1, 2023.

The Company performed an assessment and determined this standard to have no effect on its condensed interim consolidated financial statements.

Definition of Accounting Estimates [Amendments to IAS 8 Accounting Policies, Changes in Accounting Estimates and Errors ("IAS 8")

In February 2021, the IASB issued amendments to IAS 8 to introduce a definition of "accounting estimates" and include other amendments to help entities distinguish changes in accounting estimates from changes in accounting policies. The amendments are effective for annual reporting periods beginning on or after January 1, 2023, with early adoption permitted. The amendments are to be applied prospectively.

The Company has adopted the amendment issued with no effect on the interim consolidated financial statements.

Disclosure of Accounting Policies (Amendments to IAS 1)

In February 2021, the IASB issued amendments to IAS 1 requiring an entity to disclose its material accounting policies, rather than its significant accounting policies. Additional amendments were made to explain how an entity can identify a material accounting policy. The amendments are effective for annual reporting periods beginning on or after January 1, 2023, with early adoption permitted.

The Company has considered this amendment and determined this standard to have no effect on its condensed interim consolidated financial statements.

Future Accounting Pronouncements

Classification of Liabilities as Current or Non-current [Amendments to IAS 1 Presentation of Financial Statements ("IAS 1"))

In January 2020, the IASB issued amendments to IAS 1 relating to the classification of liabilities as current or non-current. Specifically, the amendments clarify one of the criteria in IAS 1 for classifying a liability as non-current - that is, the requirement for an entity to have the right to defer settlement of the liability for at least 12 months after the reporting period. The amendments are effective for annual reporting periods beginning on or after January 1, 2024, with early adoption permitted. The amendments are to be applied retrospectively.

The Company will perform an assessment of this amendment on its consolidated financial statements prior to the effective date.

Lease Liability in a Sale and Leaseback (Amendments to IFRS 16 Leases)

On September 22, 2022, the IASB issued Lease Liability in a Sale and Leaseback (Amendments to IFRS 16). The amendments are effective for annual periods beginning on or after January 1, 2024. Early adoption is permitted.

The Company will perform an assessment of this amendment on its consolidated financial statements prior to the effective date.

Critical Accounting Estimates and Significant Judgments

The significant judgements made by management in applying the accounting policies and the key sources of estimation uncertainty were the same as those described in the last annual financial statements.

15. DEFERRED SHARE UNIT

The Company had a deferred share unit ("DSU") plan for certain employees, directors and consultants that was administered by the Board of Directors and can only be settled in equity. During 2022, 135,288 DSUs were issued to the board of directors in settlement of directors' fees owing of $225,000, which vested on July 1, 2023. Each DSU entitles its holder to receive one common share upon settlement and vests over one year.

16. SHARE CAPITAL

Authorized

Unlimited number of common shares with no par value.

As at June 30, 2023 the Company has 22,888,436 (December 31, 2022 - 22,888,436) common shares issued and outstanding and there were no shares issued or canceled during the period. The share capital balance as at June 30, 2023 was $76,393,695 (December 31, 2022 - $76,393,695).

No adjustments to loss or the weighted average number of shares for the effects of dilutive potential ordinary shares were necessary. Dilutive potential ordinary shares are financial instruments or contracts that may entitle its holder to ordinary shares, where the conversion, exercise or issuance of the financial instrument or warrant would result in a reduction in earnings per share or an increase in loss per share.
